COURSES OF STUDY.

There are five courses of study:—The Model School Course; the Preparatory Course; the Elementary Course; the Scientific Course; and the Classical Course.

MODEL SCHOOL COURSE.

This course is arranged according to the most approved plan for Model Schools. The order of subjects is formed upon the philosophy of the human mind. The pupil studies the right subject at the right time, and thus all the intellectual powers are rapidly and systematically developed.

PREPARATORY COURSE.

FIRST TERM.—Written Arithmetic, Mental Arithmetic, English Grammar, Orthography, Reading, Penmanship.

SECOND TERM.—Written Arithmetic, Mental Arithmetic, English Grammar, Geography, Orthography.

THIRD TERM.—Higher Arithmetic, Geography, English Grammar, Penmanship, Reading, Orthography.

Vocal Music and Composition throughout the year.

ELEMENTARY COURSE.

JUNIOR YEAR.

FIRST TERM.—Higher Arithmetic, English Grammar, Geography, Penmanship, School Economy.

SECOND TERM.—Algebra, U. S. History, Reading, Civil Government, School Economy.

THIRD TERM.—Algebra, Botany, Spelling, Book-Keeping, Methods of Instruction.

SENIOR YEAR.

FIRST TERM.—Geometry, Natural Philosophy, Etymology, Drawing, Philosophy of Education.

SECOND TERM.—Physiology, Mental Philosophy, Methods of Instruction, Drawing, History of Education.

THIRD TERM.—Rhetoric, Physical Geography, Methods of Instruction, School Law, Reviews.

Vocal Music and Composition throughout the Junior Year.

Teaching in the Model School during half of the Senior Year.

SCIENTIFIC COURSE.

JUNIOR YEAR.

FIRST TERM.—University Algebra, Zoology, Logic, Latin Reader.

SECOND TERM.—University Algebra, Chemistry, General History, Caesar.

THIRD TERM.—Trigonometry, Chemistry, Geology, Caesar.

SENIOR YEAR.

FIRST TERM.—Analytical Geometry, English Literature, Natural Philosophy, Caesar.

SECOND TERM.—Differential Calculus, Astronomy, Virgil.

THIRD TERM.—Integral Calculus, Mental Philosophy, Reviews.

CLASSICAL COURSE.

This course is designed to prepare Teachers for Classical High Schools. The branches studied are the same as those of the Elementary and Scientific Courses, together with the usual amount of Latin and Greek Reading required in Colleges. To complete it, it will require two years in addition to the time required for the Scientific Course. Those who prefer, may substitute the French and German Languages for an equivalent amount of Latin and Greek Reading.

SPECIAL TRAINING CLASS.

To meet the wants of a large number who cannot attend the school a whole term, but who wish to acquaint themselves with the best methods of instruction, that they may be better qualified to teach in the district and village schools, a *Special Training Class* will be formed each term on the Monday of the fourth week, to continue in session four hours per day for six weeks. This class will receive instruction in the methods of teaching the branches they will be called upon to teach, and in the best plans for the organization and management of a school. The instruction given to this class will be strictly practical, so that they can immediately use it in their schools.

Tuition and board (as in Normal Course) for the term of six weeks, \$30. First payment \$2, to be made when room is secured; second payment \$28, to be made on the second Monday of the *six weeks term*. Tuition without board \$6, payable on the first day of the *six weeks term*.

CLASSES.

Classes are formed in the school outside the regular course somewhat according to the wants of the students; but classes beginning with the school year usually continue from one term to another without change.

It is very desirable to form all classes in the languages the first term of school year, and that those commencing any language should continue at least one year.

MISCELLANEOUS.

THESIS.—In each course a thesis must be written upon some educational subject.

SUBSTITUTIONS.—Ladies may be permitted to substitute for Spherical Trigonometry, Analytical Geometry, Calculus, and the Mathematical parts of Natural Philosophy and Astronomy, an equivalent amount of Latin, French or German.

AT EXAMINATION, a paper stating that the candidates have completed the course of study for Normal Schools; have taught the required time in the Model School; and have been examined and approved by the Faculty, shall be presented to the Board of Examiners.

RECOMMENDATIONS.—The pupils of the Normal School are recommended to study the Latin, French, and especially the German, Languages, as far as practicable.

Pupils, to graduate in a Normal School, must attend at least twenty-one weeks.

Pupils applying for a diploma in any course, must be examined in all the studies of that course.

When a pupil is sick and unable to attend the examination, a paper signed by the Faculty and presented to the Board of Examiners, stating that the standing of such pupil is above the average standing of the class, shall be considered satisfactory evidence of the pupil's qualifications.

Applications for second diplomas must be presented to the Board of Examiners at their regular session.

EXAMINATIONS.

Term examinations occur the last two days of each Term.

The examinations for graduation are conducted by the Faculty of the School and a Board of Examiners.

The Faculty first examine the candidates and, if they find them qualified, refer them to the Board.

The State Superintendent, who is President of the Board, two Principals of State Normal Schools and two County Superintendents of Fifth District, constitute the Board of Examiners.

The Final examination of Graduating Class occurs about two weeks before Commencement; the date is fixed by State Superintendent.

DIPLOMAS.

A student graduating in the Elementary Course will receive a diploma, in which will be named the branches he has studied, and by which he will be constituted BACHELOR OF THE ELEMENTS; the diplomas of those graduating in the Scientific and Classical Courses will enumerate the distinctive branches of these Courses, and constitute their holders, respectively, BACHELOR OF THE SCIENCES, and BACHELOR OF THE CLASSICS.

Regular graduates who have continued their studies for *two years*, and who have practiced their profession for *two full annual terms** in

*An annual Term must be at least *five months*.

the Common Schools of the State, and who have presented to the Faculty and Board of Examiners a certificate of good moral character and skill in the Art of Teaching from the Board or Boards of Directors in whose employ they have taught, countersigned by the proper County Superintendent, may receive second diplomas, constituting them MASTERS in the several studies embraced in the Course in which they graduated, and conferring upon them corresponding professional degrees, as follows:

TEACHER OF ELEMENTARY DIDACTICS.

TEACHER OF SCIENTIFIC DIDACTICS.

TEACHER OF CLASSICAL DIDACTICS.

The Normal School law makes it the duty of the authorities of the Normal Schools to grant Diplomas or State Certificates to actual teachers in Common Schools, without their having attended the Normal Schools as students. The following are the conditions upon which these Diplomas will be granted:

1. Each applicant must be 21 years of age, and of good moral character, and he must have taught successfully during three consecutive terms in common schools in this State; the proof of age to be the declaration on honor of the applicant; and of moral character and the satisfactory discharge of the requisite terms of teaching, a certificate from the proper Board or Boards of Directors, signed by the President and Secretary, and countersigned by the proper County Superintendent or Superintendents.
2. The examinations to be in the Elementary, Scientific or Classical Course, as the applicant may select, according to the list of studies as printed in the circulars of the State Normal Schools, and approved by the Superintendent of Common Schools, or in such other studies as may by the Board of Examiners be deemed equivalent.
3. Any person obtaining a certificate in the Elementary or Scientific Course may, at the next or any succeeding annual examination, be examined for the higher course, and obtain the proper certificate.
4. Each applicant to prepare and present to the Board of Examiners an original thesis of not less than six folio pages of manuscript, on some professional subject, to be retained at the school where the examination takes place.
5. The examination and certificate to be without expense to the applicant, and the certificate to be full evidence of qualification to

teach the branches therein named in any part of the State without further examination.

6. Practical teachers attending examinations at State Normal Schools for the purpose of procuring State Certificates should be examined separately from the regular students, and both the Board of Examiners and the Faculty of the School at which the examination is held, should take part in the examination, all being required to sign the certificate.

APPLICATION FOR TEACHERS.

Many Principals of Academies and Seminaries, and Directors of Common Schools, apply to us for Teachers. We are always glad when we can answer such requests by furnishing good teachers, but we are better able to do so near the close of each term. Our friends must not suppose, however, that *all* persons who attend our school thrust to six months are made good teachers.

We hold ourselves responsible only for Graduates.

TEXT BOOKS.

As far as possible the text books which are in use in the Normal District will be used in this institution. The following are in use at present:

MATHEMATICS.—Robinson's Series; Davies' Legendre.

LANGUAGE.—*Latin*—Harkness' Introductory Latin Book, Latin Prose Composition and Grammar; Chase & Stuart's Classical Series. *Greek*—Harkness' First Book; Hadley's Grammar; Boise's Anabasis and Greek Prose Composition; Owen's Homer. *German*—Keetel's Oral Method; Wilhelm Tell; Goethe's Works. *French*—Keetel's Oral Method; Cerium; Picciola. *English*—American Educational Readers; Kerl's Grammar; Sargent's Etymology; Haven's Rhetoric; Townsend's Analysis of Letter Writing; Coppee's Logic; Shaw's English Literature.

NATURAL SCIENCE.—Kiddle's Astronomy; Wells & Olmstead's (Snell's Edition) Natural Philosophy, Dana's Geology; Gray's Botany; Hitchcock's Physiology; Youman's Chemistry; Agassiz's Zoology.

HISTORY.—Barnes' United States; Weber's General History; Townsend's Civil Government.

GEOGRAPHY.—Guyot's.

METAPHYSICS.—Wayland's Mental Philosophy; Wayland's Moral Philosophy.

ARTS.—Spencerian Penmanship; Spencerian Drawing; Bryant & Stratton's Book-Keeping.

The following are recommended as books of reference: Andrews' Latin Lexicon; Liddell & Scott's Greek Lexicon; Adler's German Dictionary; Surenne's French Dictionary; Smith's Dictionary of Greek and Roman Antiquities; Anthon's Classical Dictionary; Webster's and Worcester's English Dictionaries; Taine's English Literature.

The following works on the Theory of Teaching are recommended: Wickersham's School Economy and Methods of Instruction; Sheldon's Object Lessons and Elementary Instruction; Calkins' Object Lessons; Kiddle, Harrison & Calkins' How to Teach; Rosenkranz's Pedagogics; Mann & Peabody's Kindergarten Guide; Wiebe's Paradise of Childhood.

TERMS.

The Normal School Year is divided into three terms of fourteen weeks each.

EXPENSES.

Tuition in all branches, including Book-Keeping, Drawing, Penmanship, and Vocal Music, and Board, including fuel, oil, room-rent and washing, (8 plain pieces,) \$67 per term, or \$201 per year. The first payment, \$2, to be made when room is secured; the second payment, \$38, to be made on the first day of the term; the third payment, \$27, to be made at the middle of the term. No deduction for less than three weeks, and then only in case of sickness.

Tuition without board, including all branches as above, \$12 per term, or \$36 per year. First payment, \$8, to be made the first day of the term; second payment, \$4, to be made at the middle of the term. No deduction for less than half a term.

Students' rooms are furnished with stoves, chairs, tables, stands, pails, bedsteads, mattresses, pillows, and one comfortable.

Students furnish lamps, mirrors, wash-bowls and pitchers, napkins, towels, pillow-slips, sheets, and one comfortable, *which, together with all clothing, should be distinctly marked with the full name.*

Whenever desired, wood will be carried to the ladies' rooms, for which a nominal charge will be made.

For two days at the opening and close of each term students and their baggage will be carried to and from the depot free of charge. All baggage should be distinctly marked with the name of the owner and "State Normal School," to insure its being brought to the Normal buildings. Whenever baggage is to be taken to the depot it should be marked with the destination of the owner.

Produce, whenever desired, limited by the wants of the institution, will be taken in payment for board. Those wishing to avail themselves of this arrangement may consult with the steward.

The ordinary text-books are rented to the students.

Students are required to board in the institution unless specially excused by the Faculty to board elsewhere.

All bills must be settled with the Treasurer, and application for rooms or admission to the school must be made to the Principal.

Students are required to promptly secure the repairing of any furniture or other property damaged by them, (damage resulting from ordinary use excepted.) Those using text-books belonging to the institution are prohibited from writing in them, or otherwise disfiguring them. When a book thus disfigured is brought to the librarian, to be returned, the student who drew the same from the library will be permitted to retain it, and will be charged with the price of the book.

Facilities are offered for pursuing various subjects in vocal and instrumental music at instructors' terms.

The total expense per year is \$201. When students avail themselves of the State appropriation, the expense is reduced for the Junior Year to \$180; or in case of soldiers' orphans, to \$159. For the Senior Year the expense is reduced to \$130; or in case of soldiers' orphans, to \$109.

STATE APPROPRIATIONS.

By a recent act of the Legislature the following appropriations are made by the State to Normal Students and Graduates:

1. Each student over *seventeen years* of age who shall *sign a paper* declaring his *intention* to teach in the Common Schools of the State, shall receive the sum of FIFTY CENTS *per week* towards defraying the expenses of tuition and boarding.*
2. Each student over *seventeen years* of age, who was *disabled in the military or naval service* of the United States, or of Pennsylvania, or

whose *father lost his life* in said service, and who shall sign an agreement as above, shall receive the sum of ONE DOLLAR per week.

3. Each student who, *upon graduating*, shall sign an agreement to teach in the Common Schools of the State *two full School years*, shall receive the sum of FIFTY DOLLARS.

4. Any student, to secure these benefits, must attend the School at least twelve consecutive weeks. These benefits are to be deducted from regular expenses of board and tuition.

GOVERNMENT.

The government of the school is based upon the principle, "*Do right because it is right.*"

Special efforts are made to secure obedience to regulations by the cultivation among our pupils of a *high sense of honor*.

The positive regulations adopted are based upon the following principles:

1st. No student should be allowed to trespass upon the rights and privileges of another.

2d. Privileges that all cannot enjoy should be granted to none.

It is taken for granted that every student who enters the school is disposed to do right, and to obey the particular regulations of the school, and implicit trust is placed in his sense of honor and propriety.

If pupils are not doing well, either through indolence, negligence, or any other cause, their parents or guardians will be informed of it.

If this does not secure attention to duties, a request will be made for their withdrawal, or they will be removed by the authorities of the school.

Parents and guardians are earnestly requested not to send us persons who have contracted bad habits, as the safety of others will demand their dismissal.

Every care is taken to remove temptation to wrong doing, but upon the discovery that a student *cannot be trusted*, he will be removed from school.

VISITORS.

Calls on pupils at other times than during the hours of recreation seriously interfere with the objects they have in view, and therefore will not be allowed except in cases of necessity.

Persons desiring to visit the school are cordially invited to do so at any time.

NORMAL LITERARY AND ATHENÆAN SOCIETIES.

These are Literary Societies composed of students of the Normal School. They have small but select libraries. Literary exercises are held weekly, and each society gives an annual literary entertainment.

NORMAL LITERARY.

Organized 1864.

Chartered 1867.

OFFICERS.

<i>President,</i>	J. B. LEWIS.
<i>Vice-President,</i>	EMMA RIBBLE.
<i>Secretary,</i>	IDA HOLLISTER.
<i>Treasurer,</i>	TRUMAN AMES.
<i>Librarian,</i>	THOMAS UTTER.
<i>Corresponding Secretary,</i>	W. W. RYON.

ATHENÆAN.

Organized January 19, 1869.

OFFICERS.

<i>President,</i>	A. L. LEWIS.
<i>Vice-President,</i>	FRANKIE E. BROWN.
<i>Secretary,</i>	EDITH M. BLAKESLEE.
<i>Treasurer,</i>	FRED C. LEONARD.
<i>Librarian,</i>	MARY HORTON.

CABINET.

At the beginning of the present school year the Cabinet was found to be very inadequate to the wants of the school. A collection of 250 specimens, purchased some years ago, had not been unpacked. A few specimens were left from the gifts of Mr. Dean, of Colorado, and Judge Dyer. None of these were prepared for use. At the request of the Principal a Geological Cabinet Committee was appointed, consisting of V. R. Pratt, M. L. Clark, J. S. Murdough, and Profs. J. N. Fradenburgh and J. C. Doane. Under the direction of the committee the following circular was issued:

Mr.187..

DEAR SIR:—Your interest in the cause of education is our plea of justification in asking you to co-operate with us in procuring specimens for a Geological Cabinet. We desire specimens of every character which will illustrate the Geology of our country, or its Natural History.

Persons having specimens of little value to themselves can place them where they will be valued and appreciated.

Institutions and individuals are requested to correspond with us with a view to establishing a system of exchange.

We especially rely upon donations from the friends of the institution.

Specimens may be sent, carefully boxed, by freight. The receipt of donation will be promptly acknowledged, and the names of the donors enrolled among the benefactors of the institution.

The rich geological regions which surround us will enable us to do valuable service to institutions at a distance, in the way of exchange.

Yours Most Sincerely,

J. N. FRADENBURGH, *Principal.*

J. C. DOANE, *Prof. Nat. Science.*

As the results of these efforts the Trustees are happy to report the following additions to the Cabinet during the year:

1. The Enoch Foster Collection of Minerals. This magnificent collection, consisting of 2500 specimens, the Committee were exceedingly fortunate in purchasing from Enoch Foster, Jr., of Bethel, Maine. Fifteen hundred specimens of this collection were classified and labeled by that very careful scholar, Prof. Shepherd, of Amherst College. The remainder were added by Mr. Foster, who is himself a man of considerable taste. We have seldom met with a finer collection of Minerals than is this.
2. The Smithsonian Collection. This is the generous gift of the Smithsonian Institute, Washington, D. C., through its secretary, Joseph Henry, LL. D. There are about 100 minerals; a large number of specimens of rocks, representing the building material of the various public works in Washington; and a valuable collection of shells. These are labeled by the mineralogist of the Smithsonian Institute. This collection is received through the kind offices of Senators Cameron and Scott.
3. A Conchological Collection. This consists of one hundred genera and four hundred species of shells, all carefully labeled, purchased by Profs. Fradenburgh and Smith, and presented to the institution.
4. The Eyster Collection. This is the gift of Dr. Eyster, of Harrisburg, Pa., and consists of about 100 minerals.

5. Prof. Fradenburgh presented a collection consisting of about 150 specimens, minerals and fossils, (mostly Trenton and Niagara.)

Besides these, smaller donations have been received from Dr. Bullock, McIntyre, Pa.; Mrs. C. B. Taylor, Lanesboro, Pa.; Hon. S. B. Elliott, J. M. Phelps, Esq., Dr. J. P. Morris, Prof. F. M. Smith, and others. There are now more than 5,000 specimens in the Cabinet, and additions are constantly being made. Students will find facilities for scientific investigation seldom met with elsewhere. Those who are engaged in original investigation, and not connected with the school, will be permitted, under proper restrictions, to avail themselves of the advantages afforded by this Cabinet.

LIBRARY.

Several valuable additions have been made to the library. Among the most important is a set of the Miscellaneous Publications of the Smithsonian Institute, presented in behalf of the institution by its secretary, Prof. Joseph Henry.

APPARATUS.

The Philosophical and Chemical apparatus is sufficient to afford students the opportunity to perform most of the experiments necessary to develop the principles of the sciences pursued.

READING ROOM.

There is a Reading Room, furnished with a large number of periodicals. This is under the supervision of the Reading Room Association, of which the following are the officers:

President, Prof. J. C. Doane; *Vice-President*, Frankie E. Brown; *Treasurer*, S. S. Wright; *Executive Committee*, S. J. Beardslee, Frankie E. Brown.

LECTURES.

Several courses of familiar lectures, by members of the Faculty and others, will be delivered to the boarding students upon the Science of Health, Philology, Letter Writing, English Literature, and other subjects with which they should be more or less familiar. The students will also be permitted to attend the regular lecture courses in town.

MODEL SCHOOL.

This school will be opened in a commodious and pleasant suit of rooms in the new building, at the opening of the fall term. The best talent to be commanded in the country will be employed, and in organization, course of study, and methods of instruction, it will be made in reality a *Model School*. This will be a very desirable boarding school for boys and girls under fourteen years of age. The number admitted will be limited, and hence those desiring seats in the Model School will do well to apply at an early day.

Tuition and board (as in the Normal School) \$62 per term, or \$196 per year. First payment, \$2, to be made when room is secured; second payment, \$33, to be made the first day of the term; third payment, \$27, to be made at the middle of the term.

Tuition without board, \$7 per term. First payment, \$4, to be made the first day of the term; second payment, \$3, to be made at the middle of the term.

LOCATION.

Mansfield is a village situated on the Tioga Railroad, thirty-one miles from Corning, N. Y., and ten miles from Blossburg, and on the Troy and Wellsboro Stage Line, sixteen miles from Troy and twelve miles from Wellsboro. The population of the place is about 1,000; and by a special act of the Legislature no intoxicating liquors can be sold nor billiard tables kept within a radius of two miles of the State Normal School buildings.

Students coming via the *Northern Central R. R.* or *Lehigh Valley R. R.* change cars at *Elmira, N. Y.*, and *Corning, N. Y.*; those residing on the *Erie R. R.* change cars at *Corning, N. Y.* Students coming via *Northern Central R. R.* can come by stage from Troy.

BUILDINGS AND FIXTURES.

The old building is of brick, one hundred and fifty feet in length by fifty feet in width. The main building is five, and the wings

four stories high, including the story of sky-lights. The rooms for students are large, with extra height of ceiling.

The cost of the buildings and grounds is about thirty-six thousand dollars.

This building is to be thoroughly repaired and remodeled during the Summer vacation.

The new building is situated one hundred and fifty feet *north* and the same distance *east* of the old building. It is one hundred and fifty feet in length and four stories in height. The main building is 78x43; the two wings, with sixteen feet of front projection, are respectively 36x59 and 36x57. The building is heated and ventilated after the most approved manner.

The cost of this building and grounds, together with the furniture, is about forty thousand dollars. No finer students' rooms can be found in any institution of the State than are those in this building.

The boarding hall, which will be transferred to this building, is so arranged that students are grouped in families of ten or twelve at the tables. This grouping is made with distinct reference to the cultivation of social habits and the rules and usages of good society. Each table has an equal number of each sex alternately seated around it. By this arrangement very many of those rude and unrefined habits so often met with in boarding halls are done away with.

As in the home circle, the association of brother and sister is beneficial, so in the school-room, the co-education of ladies and gentlemen is deemed equally beneficial; and we have invariably found that the good sense of both, when under proper restraint and regulation, has developed a social intercourse which has been productive of a greater growth in mental and moral culture.

The four churches of the place furnish opportunities for religious worship on the Sabbath, and each student is required to attend some place of worship at least once on the Sabbath, unless for *special* reasons he may be excused. Among the other religious privileges of the school are the Sabbath Morning Bible Classes and Sabbath and Wednesday Evening Prayer Meetings. Students are cordially invited to attend them.

ALUMNI.

CLASS OF 1866. Present P.O. Address.

LIZZIE B. AMES,	Mainsburg, Pa.
BRAINERD O. BIRD, M. D.,	Menominee, Mich.
JAMES H. BOSARD, Esq.,	Wellsboro, Pa.
EMMA A. BREWER,	Orwell, Pa.
MARY J. BRIGGS, (Mrs. Frank Story,)	Sing Sing, N. Y.
MATTIE J. BUCHANAN,	Phoenixville, Pa.
FRANCES E. BUTTLES,	429 Closson St., Brooklyn, N. Y.
ELECTA CAMP, (Mrs. M. L. Hall.)	Binghamton, N. Y.
MARY J. CARR,	Bloomsburg, Pa.
SUE E. CONARD,	New London, Pa.
HANNAH I. DARTT,	Wellsboro, Pa.
